Executive Portfolio & Resume Booklet

Jhon Paulo Gascon • BSIT Student & Creative UI/UX Designer

Professional Digital Resume & Portfolio Booklet

Jhon Paulo Gascon • 2nd Year BS Information Technology • UI/UX Designer & Frontend Developer

Location:	Bacolod City, Negros Occidental, Philippines
Personal Email:	jhonpaulosolsona12@gmail.com
Student Email:	gascon.820357@wnu.sti.edu.ph
Portfolio URL:	https://paulogascon.github.io/portfolio/
Academic Standing:	2nd Year College, BSIT 2G, STI West Negros University

1 Executive Summary & Academic Credentials

Driven, detail-oriented Bachelor of Science in Information Technology student with proven expertise in user interface architecture, front-end web development, and motion graphics. Proficient in bridging complex algorithmic systems with clean, accessible human-centered interfaces.

Formal Academic Background

Institution & Degree	Period	Key Coursework & Honors	Campus Location
STI West Negros University BS in Information Technology	2025–Present (2nd Year)	Data Structures (COSC1003), HCI (COSC1007), Platform Tech 1 (COSC1008)	Bacolod City, Negros Occidental
Senior High School TVL - Information Technology	2023–2025	With Honors, Top Practicum Developer Award, Programming Excellence Citation	Negros Occidental, Philippines

2 Technical Competencies & Proficiency Spectrum

Comprehensive technical skill breakdown across software engineering, creative design, and DevOps disciplines:

Discipline Area	Technologies & Tooling	Proficiency Level	Practical Application
UI/UX Design	Figma (Student Pro), FigJam, Adobe XD	**Advanced (4+ yrs)**	Design systems, wireframes, auto-layout, interactive prototypes
Web Frontend	HTML5, CSS3, JavaScript (ES6+), Tailwind CSS	**Proficient**	Responsive, accessible, glassmorphic portfolio websites
Backend & Systems	Java (JDK 25), Node.js, Python, Git	**Proficient**	Object-oriented software architecture, CLI utilities
Creative Motion	After Effects, Premiere Pro, CapCut Pro	**Advanced**	Dynamic typography reels, 3D title animations, motion graphics

3 Featured Software & Design Projects

A selection of executed projects highlighting end-to-end problem solving and design excellence:

Project Title	Technology Stack	Role & Contribution	Live Outcome
Personal Cyber-Portfolio	HTML5, CSS3, Vanilla JS	Solo Architect & Lead Designer	Live on GitHub Pages with interactive physics layers
Freelance Document Showcase	Word, PDF, PPTX, Python-docx	Document Engineer & Author	15 publication-grade academic & corporate samples
Mobile Attendance App	Flutter, Node.js, PostgreSQL	Thesis Proponent & Full-Stack Developer	Geofenced QR-code verification reducing class attendance fraud
STI Motion Graphics Reel	After Effects, Premiere Pro	Motion Designer & Video Editor	Cinematic 60fps promotional reel showcased at STI West Negros University

4 Quick Review Questions & Contact Verification

Review questions evaluating portfolio credentials and technical capabilities:

1. What primary design tool does Jhon Paulo Gascon utilize for prototyping and design system creation?
2. List the core languages comprising JP's frontend and systems development tech stack.
3. What is the primary technological innovation behind the Mobile Attendance Monitoring App project?
4. Which academic institution and degree program is JP currently completing?
5. What verified personal email channel should be used for commission inquiries and project collaborations?
