jhonpaulogascon36@gmail.com · Negros Occidental, Philippines · Remote — available across US, UK & AU time zones

Profile

Detail-oriented Executive and Personal Virtual Assistant with a solid foundation in Google Workspace and modern administrative tools. Comfortable managing high-volume inboxes, coordinating calendars across time zones, and keeping expenses and bills organized for busy founders and executives. Brings a proactive, no-hand-holding-needed approach, strict confidentiality with sensitive information, and a stable remote setup built for fast turnaround.

Core Focus Areas

Inbox & Communication Management

- Triage and organize high-volume inboxes in Gmail and Outlook using labels, filters, and folder systems for a zero-inbox workflow
- Draft, proofread, and send correspondence on behalf of executives
- Flag priority messages and follow up on time-sensitive threads

Expense, Billing & Financial Tracking

- Track personal and business expenses in Google Sheets and Excel
- Process invoices and manage bill payments via Wise and PayPal
- Maintain organized, audit-ready financial records

Calendar & Time-Zone Coordination

- Manage complex calendars across US, UK, and AU time zones with Google Calendar and Calendly
- Schedule meetings, resolve conflicts, and send reminders ahead of key commitments
- Coordinate travel and appointment logistics

File & Documentation Management

- Organize and maintain digital filing systems in Google Drive and Notion
- Create and update SOPs, trackers, and reference documents
- Keep version control clean so files are easy to retrieve
